OUR PRIDE IN AMES

When researchers attempted to measure the "good life," they ranked lowa among the top 25 per cent of states, in the quality of life the state offers to its residents.

Located in the heart of lowa, in the midst of the gently rolling countryside and irregular terrain produced by a network of small rivers and streams, the city of Ames is a prime example of what is good in lowa. Serving as a natural focal point for transportation, education, and culture, Ames offers modern city opportunities in the warmth and neighborliness of a growing community.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, present to subscribers and the general public, this, the bicentennial commemorative edition of the Ames City Directory, which also includes Nevada, Story County Directory.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames and Nevada Directory will fulfill its mission as a source of authentic information pertaining to the community.

This publication also contains a Story County Directory, printed on white paper immediately following Numerical Telephone Directory.

Four Major Departments

The four major departments are arranged in the following order: -

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Nevada is shown farther on in the Directory.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Ames is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers. A similar list for Nevada is shown farther on in the Directory.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper. A similar list for Nevada is shown farther on in the Directory.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Public Library, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Office of the Covernor STATE CAPITOL DES MOINES, IOWA 50319

Dear Iowans:

Our Bicentennial year, 1976, is an important occasion, for during this year we will remember a time said to be the single most important happening in our nation's history -- our independence.

For 150 years, various forms of self-government had been functioning in the colonies. Although some could argue that England's control and supervision were not unduly harsh, a break was inevitable and a new nation was founded.

To commemorate this historic event we will have parades and festivals in Iowa and many important Bicentennial projects such as the restoration of the Old Capitol in Iowa City. However, while we look back to appreciate our past, we must also look ahead. We do so in an attempt to fine tune the Revolution that occurred 200 years ago. 1976 is a special year with new challenges for all Americans. We should proclaim our independence from the fear of tomorrow, and approach our third century with renewed determination to make our country truly a place for all people to be free.

Best wishes for a memorable Bicentennial observance.

Governor

LEE FELLINGER Mayor

(515) 232-6210

LEE FELLINGER Mayor

Dear Friends

This nation's one hundredth anniversary celebration was centered in one place -- Philadelphia, Pa.

Those involved in early planning for 1976 urged that bicentennial observances be in many locations to provide opportunities for unlimited participation by people in each of the states and cities and territories.

This goal is being accomplished in Ames.

Our city will long be remembered as the site of the second World Food Conference, a national bicentennial event scheduled here June 27 to July 1. Iowa State University was also selected as the locale for six other international and national meetings with bicentennial significance.

Local arrangements for the two hundredth anniversary celebration have been formulated over a two-year period by the Mayor's Ames American Revolution Bicentennial Commission to highlight the history of our community, to celebrate this special year and to plan toward an even better city for future generations.

Focus of the celebration is the July 2, 3 and 4 weekend with a parade, chautauqua events, carnival, fireworks, worship services and neighborhood get-togethers as highlights.

Horizons Division of the Ames Bicentennial Commission is providing a means for continuance of the bicentennial goal of "a better tomorrow" through formation of Ames Foundation, Inc., a non-profit organization to serve this century and next in receiving money and gifts to take care of some of the special needs of the community.

A welcome to Ames berm at Stuart N. Smith Park with a 1976 time capsule buried for opening in 2076 is the first project of this group.

This is a growing city with planned, orderly development and a neighborly community that takes pride in its advantages. It is a privilege to be Mayor of the City of Ames during this two hundredth anniversary year.

The National Animal Disease Center, Ames, Iowa, is the United States Department of Agriculture's laboratory for investigation of livestock and poultry diseases that occur in the United States. Completed and occupied in 1961, it is a complex of fire-resistant buildings located on a 318 acre tract of land approximately three miles northeast of the city. Constructed for approximately \$16.5 million. The laboratory with an operating budget in excess of \$8.0 million annually, each year continues to expand in research and laboratory facilities. This, the world's most modern veterinary research facility, requires as many utilities and services as a small city. Many of the animals used in the various research projects are reared at the Animal Production Unit, which is located approximately one and one-eighth miles south of the main laboratory on a site consisting of some 45 acres. The laboratory employs approximately 500 persons, one-fourth of which are scientists-research veterinarians, microbiologists, pathologists, biochemists, physicists and other biological scientists. Many support employees such as laboratory assistants, technicians and administrative personnel are also employed.

The research aims and purposes of this laboratory are to develop basic and applied information on infectious and non-infectious diseases of animals that rob the American farmers of approximately \$2 billion annually, and decrease the potential of an adequate supply of animal protein to the consumer Investigation of each disease entity is conducted by a team of scientists who have different and specialized training.

In addition to the research program, two USDA veterinary regulatory groups have programs associated with the laboratory. These include setting standards and testing veterinary biologics for safety, efficacy, purity and potency, and providing nation-wide diagnostic services to support Federal programs for the control and eradication of animal diseases.

Education--Iowa State University; Ames public schools; Catholic parochial school.

Libraries-Ames Public Library 74,000 volumes; Iowa State University Library 1,102,257 volumes.

THE IOWA DEPARTMENT OF TRANSPORTATION

The Iowa Department of Transportation, established by legislation passed by the 65th General Assembly in early 1974 and mandated to begin official functions July 1, 1974, is responsible for coordination of the various facets of Iowa's transportation system.

Seven Commissioners appointed by the Governor are responsible for determination of general operating policies which are carried out by the Director of Transportation and the Department staff.

The Department of Transportation brings together into one agency, transportation responsibilities formerly handled by the Aeronautics Commission, Highway Commission, the Motor Vehicle Divisions of the Department of Public Safety, the Transportation Regulation Division of the Iowa Commerce Commission and the Iowa Reciprocity Board. Additional responsibilities in the areas of Public Transit and River Transportation are handled by the newly created divisions.

The purpose of the Department of Transportation is summed up in the beginning of the DOT policy statement: "The goal of the Iowa Department of Transportation is to assure adequate, safe and efficient transportation facilities for Iowa citizens by developing a total system which serves user needs and provides maximum economic and social benefits."

The Department includes nine divisions and a Transportation Regulation Board. The duties and responsibilities are summarized below.

ADMINISTRATION DIVISION: Provides general administrative and support services such as accounting, purchasing, information, data processing, personnel, facilities management and fleet operations.

HIGHWAY DIVISION: Responsible for project planning, design and Right-of-Way acquisition resulting in construction, and inspection of contracted primary road projects. Responsible for maintaining Iowa's primary road system for safe usage by the public. Acts as liaison in obtaining and disbursing federal highway funds.

AERONAUTICS DIVISION: Handles aircraft and pilot licensing, aircraft registration and airport programs. Acts as liaison in distributing federal aviation funding.

Central offices of the Iowa State Highway Commission in Ames, completed in 1961.

MOTOR VEHICLE DIVISION: Responsible for vehicle registration, drivers licenses, reciprocity and prorate truck registration, motor vehicle inspection, dealer's licenses, truck regulation, traffic weight operations, and toll bridge operations.

RAILROAD TRANSPORTATION DIVISION: Responsible for safety inspection of track, research and analysis of rail systems, and the state Rail Assistance Program.

PUBLIC TRANSIT DIVISION: Responsible for public transit planning and investigation of feasibility of various types of public transit. Acts as state designee for disbursement of federal mass transit funding.

RIVER TRANSPORTATION DIVISION: Coordinates use of river transportation with other transportation modes and examines potential for more efficient use of Iowa's waterways.

TRANSPORTATION REGULATION BOARD: Regulates routes and fees charged by truck and rail carriers, determines operating regulations and rules on transportation issues, changes in service, applications for public certificates of convenience and necessity.

PLANNING AND RESEARCH DIVISION: Responsible for DOT policy analysis, advance planning and determination of priorities. Collection of data to be used in transportation planning and coordination of transportation planning between state and local governments and transportation economic studies.

GENERAL COUNSEL DIVISION: Legal staff assigned from the Attorney General's office handles legal matters for the DOT.

AMES PUBLIC SCHOOLS

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises twenty buildings, with a present total new replacement value of \$22,681,164. This plant includes the new Senior High School; the downtown Central Junior High School; Welch Junior High; Crawford, Edwards, Fellows, Meeker, Mitchell, Northwood, Roosevelt, Sawyer, Whittier elementary schools and Willson School for the trainable mentally retarded; and the Maintenance Building. The Lincoln Elementary School has been converted to Central Administration.

Ten projects were completed during the past nine years. A stadium with a well-lighted football field and an all-weather Grasstex track was used for the first complete football season in the fall of 1966. Connected with this stadium is a senior high school gymnasium that was dedicated in February, 1967. A joint city-school recreation building housing a 75' x 75' swimming pool is connected with the gymnasium and is used jointly by the school and city. A new elementary school, the Fellows School, was dedicated in April, 1967. A new Welch Junior High School for the west side of Ames was opened in the fall of 1968. Additions were built to telementary schools to provide them with needed classrooms and Central facilities, particularly instructional material centers. Mitchell & Northwood elementary schools were completed in 1970. In December 1972, the Fine Arts Wing of Ames Senior High School was dedicated. It provides outstanding facilities for art, drama, and music and is used extensively for school and community activities.

During the past twenty years ten different bond issues were successfully carried to authorize the construction of five elementary schools, additions to nine elementary schools, remodeling of junior high school facilities, a new high school, and a new junior high school. The most recent of the ten successful bond issues, the \$3,900,000 issue approved in March, 1968, provided funds to build two new elementary schools, additions to four elementary schools, an addition to the Senior High School, and an addition to the Welch Junior High School. The senior high school was constructed a unit at a time as funds permitted on a beautiful, spacious 74-acre site. There were a total of 112 elementary classrooms with related facilities and 67 secondary classrooms in these construction projects.

Ames Senior High School

Pupil enrollment, exclusive of about 2,200 people in adult education, is 5,669. There are approximately 368 teachers and other professional staff members and 220 other personnel--secretaries, food service employees, teacher associates, and custodians. The average teaching load has been kept at about 25 children per teacher. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels. There also are special education services for children at all levels.

The Iowa State Center

THE IOWA STATE CENTER

C. Y. Stephens Auditorium—seating 2,660 for concerts, opera, ballet, drama and similar events. Special attention to acoustical qualities. Facilities for motion pictures and closed-circuit television.

The James J. Hilton Coliseum—The Hilton Coliseum is the largest of the four buildings planned in the Iowa State Center complex. Seating for 14,000 for commencement exercises, stage and arena programs too large for auditorium—theater presentation, meetings, banquets, exhibits and displays. Good acoustics. It is also used for basketball and has a ice floor for hockey, ice shows and ice skating.

Fisher Theater—This intimate theater seats 424 patrons for student plays, small musical groups, lectures, dance recitals and similar programs.

Scheman Continuing Education Building—The final building, now under construction, is the Scheman Continuing Education Building. It is designed to serve approximately 30,000 persons who each year visit the campus for meetings, extension courses and conferences. It contains a 400-seat auditorium and 14 conference rooms.

I. S. U. Stadium—Separate from, but attached to the ISU Center is the new football stadium, scheduled for completion in the fall of 1974. The stadium will share parking facilities with the center.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—Social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, if you pay in advance. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

THE

AMES ADVERTISER

YOUR KEY TO SUCCESSFUL SELLING

the AMES ADVERTISER

is a shopping guide that reaches every home in the Ames trading area. Every Wednesday over 21,300 copies are distributed by carrier and mail.

If you want action - go with the action paper - the AMES ADVER-TISER. It's the paper that goes to everybody. The Ames Advertiser is a definite break in tradition ... meaning the traditional daily and weekly newspapers. There is a difference! Use the media that will do the best job for you, that dynamic 100% market coverage newcomer to the American advertising scene ...

Use Our Library of

OUT - OF - TOWN CITY DIRECTORIES

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Don't Use An Old Directory!

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

Why not avail yourself of fresh information for your daily use?

- The Most Comprehensive List of Occupants By Addresses

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- . BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS

Neighbors Of Your Present Customers...

Identifies friends, neighbors of present customers Permits mail, telephone or personal contact of prospects Identifies home businesses or professions

Identifies prospects not in telephone Identifies householders Reveals new families in your Shows renters on each street

Identification - Collections - "Skip" Tracing

Verifies home ownership and other information concerning applicants Lists all occupants of apartment and office buildings

Shows telephones of neighbors of "skip" for obtaining new address or information Shows nearby businesses who may know applicant or "skip"

Deliveries And Service Calls... AVOID DELAYS - SAVE TIME AND DOLLARS

Verifies addresses Locates nonexistent or illegibly written house numbers and streets Shows location of intersecting streets

Shows apartment numbers and occupants of each apartment Permits verification of telephone orders and defeats "prank" calls

Emergency Use ... CLOSEST NEIGHBOR ... NEAREST PHONE

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.

NUMERICAL TELEPHONE DIRECTORY BLUE PAGES

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only-or includes a common surname such as Jones, Smith, Brown, etc.-this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

Why not avail yourself of fresh information for your daily use?

# CITY DIRECTORY ADVERTISING IS National ADVERTISING

★ Each edition of your City Directory is widely distributed to freereference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

The Street Directory information is secured by an actual door to door canvass and includes these important features:

# Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, if you pay in advance. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

CITY DIRECTORY DIVISION

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

# NUMERICAL TELEPHONE DIRECTORY BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

#### **ABOUT THE FIRM:**

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

#### **ABOUT THE INDIVIDUAL:**

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

# Power of **Advertising**

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

### **EVERY STORE**

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

# NEVADA

CHAMBER OF COMMERCE

Nevada has been the county seat of Story County, Iowa for one hundred and twenty one years. In 1852, the Iowa State Legislature appointed three men from surrounding counties to designate an appropriate location for what was to become the center of government for Iowa's ninth largest county. On June 27, 1853, the decision to establish the town of Nevada at its present site was approved but by this time some county offices were organized and functioning as an election had been held in April of that year.

During its first year houses were built, but slowly, and the first building constructed was a hotel. In 1854, a physician began practicing medicine and with a reasonable amount of success because the newly established cemetery didn't receive its first occupant until 1856.

The first church, Cumberland Presbyterian, was built in 1857. An active school board erected and opened the first school in 1858 with two fulltime teachers. The steady and continued growth of Nevada has added seven churches and enlarged the simple school system to one that presently educates 1600 students in a complex system that includes two elementary buildings, a junior high, and a separate high school.

Many people are moving to Nevada to savor the small town atmosphere. According to the 1960 census Nevada's population was 4,227. By 1970 the population has increased by 17.2 pct. to 4,952. A comprehensive development plan by Wallace, Holland, Kastler, and Schmitz, anticipates that by 1980 the population will be 5,725 and their projection for 1990 is an increase to 6,556. Nevada is a growing community and one that must remain concerned with proper management of its growth.
